As do I, it is our common ground.

Hey Tom,

I did hear from him. I waiting on the next call now. After serving myself, I still think the greatest generation was that of your father! I always thank the vets when I see them. As that generation silently slips away, you're correct the sacrifice is lost on not just our peers, but those who have never had to sacrifice and have been living off of the others who come before us.

Sorry for the preaching, as you can tell I get kind of passionate about our country

Mike

PS. Thank your dad for me as well.

Thank you.

Hey did you hear from your son on fathers day? My dad and I talked about it, he's 84 and an army vet, I always tell him thanks for what he did. Your sacrifice is lost on far too many of our peers.

Tom

I was hoping to coordinate through you, since the NPL aspect is through EPA and we consult. Do you mind do that? I'm trying to get people here to recognize our role.

Hi Tom,

Your plans for Friday sound fine with me. You're more than welcome to ride with me. (or any of you for that matter) Will you be contacting CFAC for permission to tour the facility? Let me know if you need a POC or need me to schedule.

Mike

Mike,

I'm thinking Lisa DeWitt, Jeni Flatow, and myself would be going with you to see the site on Friday 7-17 (not sure about Carolyn). I'm thinking we leave the Venture Inn about 7:30 we should be in Columbia Falls by 9:15 or so to meet you (or I could ride with you and they could follow us), your call on that. I'm thinking we would only need an hour to hour and half on site, and would thank you for your time around 11. How does that work for now?

Tom
